

THE PREM RAWAT FOUNDATION
PEACE EDUCATION PROGRAM

PEP Endorsements

In my OCLS University series at the South Creek library, I have had the privilege of conducting this extraordinary workshop that has helped to create thought provoking dialogue and awareness in one of the most necessary ingredients that we as humans can most certainly benefit from in this day and age, Peace. I highly encourage anyone, especially other library locations to take on these workshops in order to share knowledge and to educate those interested in attending.

Thank you!
