

Message from the TPRF Board

The Prem Rawat Foundation

We hope that you and your loved ones are safe and healthy and that you continue to take care during the COVID-19 pandemic.

We are grateful for the support you give TPRF and want to update you on how the Foundation is adjusting to the challenges caused by this disease, as the safety and wellbeing of our volunteers and the people we serve is a top priority.

Since almost all of our teams work together remotely, and because of your ongoing support, we remain in a strong position to continue making a positive impact.

Although each day brings new challenges, our goal is that whenever possible, and for as long as possible, we find ways to safely continue the activities and programs that have become so important to help people live with dignity, peace, and prosperity.

For now, the [Peace Education Program](#) workshops have been suspended in areas where local authorities have advised that this can help slow the spread of the pandemic. All program licensees and contacts should have received an email last week on this topic. You may contact the Peace Education Program support team at pep@tprf.org if you have questions or concerns.

Similarly, in response to new governmental regulations, most of the meal services at our [Food for People](#) facilities in India, Nepal, and Ghana have been temporarily suspended. We are working closely with the local communities we serve to respond to their needs as they evolve, and we continue to provide meals to some elderly citizens, as well as smaller groups of children.

Our teams are in the process of evaluating the best possible ways to provide assistance to those who need it most during this pandemic. Please keep an eye out for further updates on [tprf.org](https://www.tprf.org).

Sincerely

Linda Pascotto, Board Chair, and the TPRF Board of Directors
