

## Perspectives on Peace Education: South African Students

These students recently participated in the [Peace Education Program](#) at Topaz Secondary School in Lenasia, South Africa. In these short video clips, they share some of their perspectives about the course. Learn more about the program and how it is benefiting students and other groups [here](#).

**"It has changed our lives completely, and the way we think about each other."**

**"It has taught me to think not just about myself, but for other people. To consider the person who is next to me."**

**"It's had a huge impact in our class and in our lives."**

**"I appreciate the Peace Education Program coming to our school because it's making me become a better person."**
