

Prem Rawat Foundation Provides COVID-19 Relief

The Prem Rawat Foundation

The COVID-19 pandemic is of increasing concern to all of us, and it is alarming how quickly the virus is spreading. TPRF wants to help!

After extensive research, we have identified three NGOs (non-governmental organizations) with whom TPRF will partner, providing \$150,000 in humanitarian aid grants.

TPRF will give \$50,000 each to: [Doctors Without Borders](#) (Medecins Sans Frontiers); [International Medical Corps](#); and [Cesvi](#) . These very capable NGOs are caring for patients, as well as providing crucial training and medical equipment, particularly in areas that are overwhelmed with COVID-19.

Many of you have asked how to offer help; all contributions sent to TPRF for this purpose will be added to the \$150,000 humanitarian aid grants from TPRF.

[Donate](#)

I am continually inspired by the dedication of each one of you for your support of The Prem Rawat Foundation, helping to make a difference in the lives of people all over the world.

I hope you have had a chance to enjoy "[Lockdown](#)," a daily personal message addressing these trying times from TPRF Founder, Prem Rawat.

With sincere wishes of safety and good health for all,

Linda Pascotto, Board Chair, and the TPRF Board of Directors
